

CONVENTION REPORT

MARIAN HOUR CHAIRMAN

24-April-2021

Based on the information I've received since Supreme's release of the Blessed Michael McGivney Prayer Hour this past January, the welcome it has received thus far in Alabama can only be described as 'cool going on frigid.'

Despite having been promoted at the spring regional meetings, I have been advised of only a single presentation of the program in which members of two neighboring councils participated.

Again, I request that I be advised each time a council conducts this program. The State Council needs this information. A copy of Supreme's *Form 10784-Fraternal Programs Report Form*, if submitted, will do nicely. If not, a short email to me giving time, place, councils, number of Knights participating, and number of other participants will do nicely. Courtesy copies should also be emailed to Worthy Faith Director **John Cooper** and Worthy Program Director **Steve Koach**. All of our emails are listed in the State Directory.

Hopefully with Easter now behind us and the school year nearing completion, more councils can schedule one or more prayer hours.

With May approaching, councils desiring to conduct a Marian are advised that one Our Lady Help of Persecuted Christians icon with accompanying materials has not yet been withdrawn from circulation. Its recall could come any time. Please contact me for making arrangements for the icon's transfer.

Vivat Jesus!

Joe McCarty, Marian Hour Chairman
